Description

Casa Poreta is a lovely village house just 10 km outside of Spoleto, and 30 mins from Perugia, where Ryanair flies from London daily. The property is on 2 stories, with the habitable rooms on the first floor (large sitting room, kitchen, bathroom, 2 bedrooms) and workshops and store rooms on the ground level; it is a total of 120 sq m and it is habitable while needing some updating. It has no land, but there is some outside space for dining al fresco. There is a food shop within walking distance, and nearby Campello has a variety of shops and services.
